Professional Objective

To secure a position as a Backend Developer where I can leverage my expertise in PHP, Laravel, and database management to build efficient and scalable systems while contributing to team success and organizational growth.

Education

Bachelor's Degree in Business and Information Systems, Elshouroq Academy, Egypt (2022 – 2026)

- IEEE Backend Instructor

- Completed ITI Backend Development course specializing in PHP Laravel

Work Experience

Backend Developer, Black Company (2023 – 2024)

- Designed and maintained server-side logic using PHP and Laravel.

- Optimized database queries and ensured system security and performance.

- Collaborated with front-end developers to integrate user-facing elements with server-side logic.
